

F is for Frog

Have a walk to the local pond and see if you can spot some frogs (please be careful near open water)

Talk to your child about the life cycle of frogs, even better if you can find some.

At preschool we love frogs and our favourite song to song is

Five little speckled frogs
Sat on a speckled log
Eating some most delicious grubs, yum, yum
One jumped into the pool
Where it was nice and cool
Now there are four more speckled frogs, glub, glub
Four little speckled frogs
Sat on a speckled log
Eating some most delicious grubs, yum, yum
One jumped into the pool
Where it was nice and cool
Now there are three more speckled frogs, glub, glub
Three little speckled frogs
Sat on a speckled log
Eating some most delicious grubs, yum, yum
One jumped into the pool
Where it was nice and cool
Now there are two more speckled frogs, glub, glub
Two little speckled frogs
Sat on a speckled log
Eating some most delicious grubs, yum, yum
One jumped into the pool
Where it was nice and cool
Now there is one more speckled frog, glub, glub
One little speckled frog
Sat on a speckled log
Eating some most delicious grubs, yum, yum
One jumped into the pool
Where it was nice and cool
Now there are no more speckled frogs, glub, glub

The children love this so much, each time you sing frog, make an emphases in the F sound, making learning fun makes it more memorable.

Have a go at the print out below, I wonder if you could make a frog hotel, in your garden.

Frog love to live in damp, cool places near water., you could find a nice shady damp space in your garden.

Place an old plant pot in its side with lots of mushy leaves and if you have no water source in your garden, place a shallow dish with water in.

And then wait for them to arrive.

We would love to see your frog homes, maybe you may get some frogs.

Good luck

FROG LIFE CYCLE

Can you put the pictures in the correct order?

FROG LIFE CYCLE

Cut out these images to use with the worksheets
