

# ALPHABET SOUNDS FISHING AND MATCHING GAME

## What you will need

- Fishing Net
- Ping pong balls, if not use water balloons/or balloons
- Plastic container
- Water

## How to play

Write individual letter sounds on each ping pong ball.

When placing the ping pong balls in to water show your child each phonic sound. (make sure that your child knows which letter they are looking for. Make emphases on the mm sound.

Place these into the water, and give a good mix.

For each correct phonic sound found, model this with a corresponding word. For example, M is for monkey and so on.

once your child feels confident ask them if they know any other phonic sounds in the water. Keep revisiting each phonic sound each week to embed knowledge of these sounds. Use the
